Author: Unknown Author

I know Yurik who is the
sister of Vixbin who went
to Mage school with
Kelreigh and left her
husband when she caught
him with Welmack, and
then she moved in with
Opery who said Junia saw
him with Quilkin just last
wednesday who decided to
put a curse on Lilbean
because she put a
blessing on Evebaur to
look more attractive than
Kolene to steal the
husband of Seribin...but,
well, you didn't hear all
this gossip from me. But
it sure is juicy isn't it!
